PROFILE

Dedicated and efficient Professional developer with great logical reasoning and experience in React, JavaScript, Node, C#, .Net, JavaScript, CSS, HTML, PHP, Front end and others, as well as CRMs. Experienced, prepared and qualified for new challenges. Besides that, I can highlight project management, creative thinking and problem solving skills. Currently, I am living in Portugal, but I can be relocated to any country. Looking for remote or hybrid work opportunities where I can learn and contribute. Looking for remote or hybrid work opportunities where I can learn and contribute with the team and company objectives.
